OUR FRIEND
FILIP ON
THE MOON

♡♡♡
KISS

In 30 years time
he'll be living with
a lot of cats and
his wife. He'll eat
a lot of carrots.

He will trip over the rock
and he will break his arm.

The alien doctor
will save him.

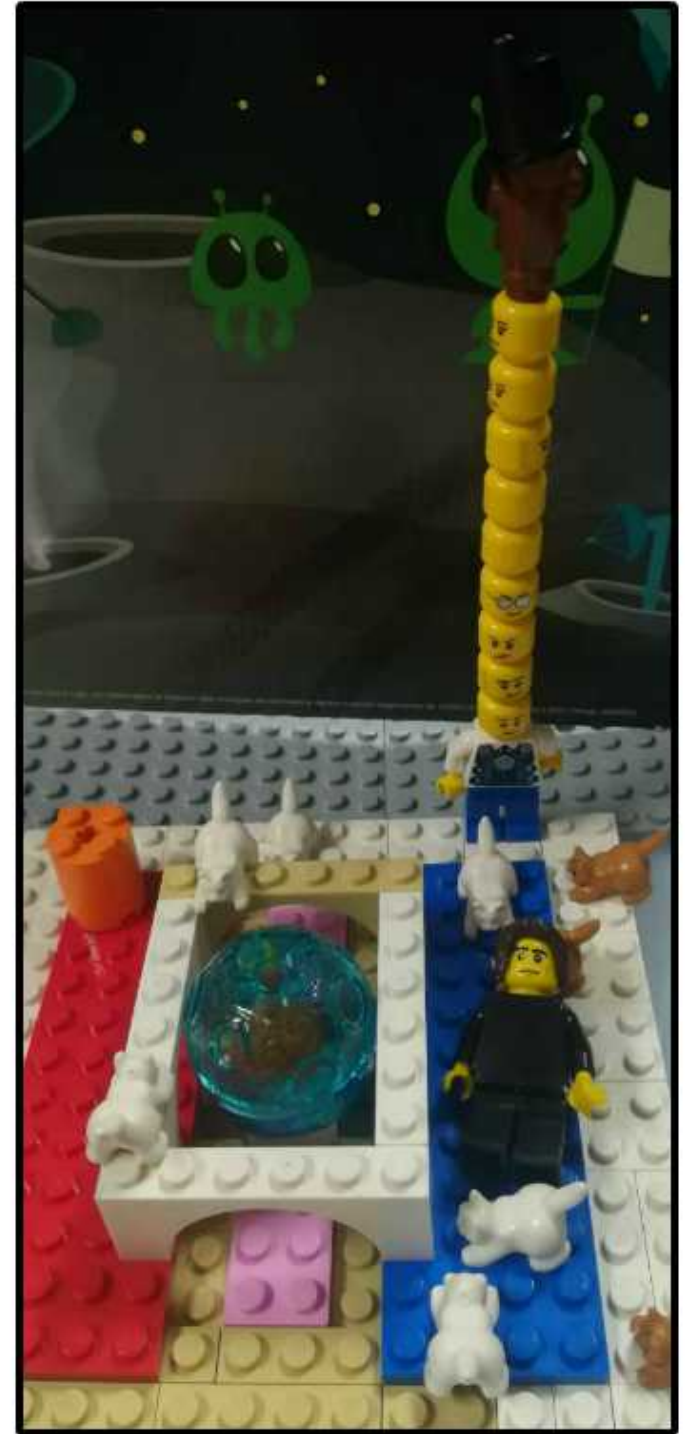

■
The alien
doctors will
try to save
his life .
■

His wife will
die by his
grave of
sadness.
