

George and the  
Dragon by Hypers

Once upon time there was a brave knight called George. One day he came to a small village and met a hermit who lived in a small cave next to the village. The hermit told the story about a dragon which lived in a lake and attacked the village.

**Ouch!**

Even the army  
was afraid of  
the dragon!

People gave all their food  
to the dragon, but he  
was still hungry.

People gave all their animals to the dragon, but he still attacked the village.

People gave their gold and jewels to the dragon, but he still wasn't happy.

In the end, the king gave his daughter, the princess, to the dragon.

George rode to the lake to save the princess. He fought with the dragon and killed him.

All people were  
happy and the  
king organized  
a big party.
